

CURRICULUM VITAE

Name: Richard Allen Redmond, RN, BSN, CCRP

Business Address: Vanderbilt University
Department of Neurological Surgery
1500 21st Avenue S., Suite 4343 VAV
Nashville, TN 37212-8618
Phone 615-936-4470
Fax 615-343-6948
E-mail: allen.redmond@vanderbilt.edu

Current Title: Research Nurse Specialist IV
Vanderbilt University
Department of Neurological Surgery
Nashville, Tennessee

Nursing Licensure: State of Tennessee, License #118349

Education:

The University of Memphis. September 1989 to May 1994. Memphis, Tennessee.

The University of Memphis, Loewenberg School of Nursing. September 1995 to December 1997. Bachelor of Science in Nursing. December 1997.

Certification and Training:

American Heart Association Basic Life Support for Healthcare Professionals. 1995-present.

Veterans Affairs Medical Center. Certificate in Basic Critical Care Nursing. March 1998.

Baptist Memorial Healthcare Corporation. Metro Surgical Services RN Certification Course and Orientation. 1998.

Training course: Microsoft Access, UT Computing & Telecommunications, University of Tennessee, Memphis.

Training course: Microsoft Excel, UT Computing & Telecommunications, University of Tennessee, Memphis.

National Institutes of Health, Human Participants Protection Education for Research Teams. Date of Completion: 02/22/2002.

National Institutes of Health (NIH) web based training course "Protecting Human Research Participants". Date of Completion: 01/13/2010, (Certification Number: 361315).

Certified Clinical Research Professional (CCRP), Society of Clinical Research Associates SoCRA, December 2009-present.

Collaborative Institutional Training Initiative (CITI), University of Tennessee Health Science Center Module (Member ID: 1428829) (Group 3 - Investigators and all study personnel, Ref # 3590834)

Collaborative Institutional Training Initiative (CITI), Vanderbilt University Medical Center Module (Member ID: 1428829): (Group 1 - Biomedical Research Investigators and Key Personnel, Ref# 3953082), (GCP – Good Clinical Practice, Ref # 3953083), (Biomedical Responsible Conduct of Research Course 1, Ref # 3953084).

Experience:

Leadership clinical rotation in radiation and medical oncology. Veterans Affairs Medical Center, Memphis, Tennessee. Fall 1997.

Staff nurse: Cardiac and thoracic surgery unit. Performed assessment, rehabilitation activities and total patient care for pre and post-operative surgery patients. Veterans Affairs Medical Center, Memphis, Tennessee. December 1997 to May 1998.

Surgical circulating nurse: Coordinator of care for patients undergoing neurological surgery. Baptist Memorial Hospital Medical Center, Memphis, Tennessee. May 1998 to March 2000.

Clinical research coordinator: Coordinator of clinical research studies for primary and metastatic brain tumors. Coordinator of pre-clinical research studies. Project manager of multicenter clinical research trials. Memphis Regional Brain Tumor Center, Methodist Healthcare, Memphis, Tennessee. April 2000-November 2009.

Coordinator of bi-weekly Neuro-Oncology Tumor Conference. Memphis Regional Brain Tumor Center, Methodist Healthcare. January 2001-November 2009.

Race Director, Annual "Head for a Cure" (5K race), charity race for brain tumor research, 2002-2005.

Co-Director, Annual International Neuro-Oncology Update. Memphis Regional Brain Tumor Center- Methodist Healthcare, 2002-2004.

Chairman of Nursing Program, Fifth Annual International Neuro-Oncology Update, Memphis Regional Brain Tumor Center- Methodist Healthcare, FedEx Institute of Technology, Memphis, Tennessee, August 24-25, 2006.

Research Nurse Specialist IV: Assists in the design of clinical research, assuring that the integrity and quality of clinical research trials are maintained and that the trial is conducted in accordance with Good Clinical Practice Guidelines, federal/sponsor regulations and guidelines and Vanderbilt Policy and Procedure. Independently plan and implement recruitment procedures for potential participants, manage enrollment of the trial from screening to randomization to study completion, evaluate clinical data, ensure

compliance with protocols and overall clinical objectives, serve as a resource for inquires on study projects, manage study-related procedures as required by the protocol and maintain communication with the sponsor, IRB, DSMB and other research related entities. Vanderbilt University Medical Center, Department of Neurological Surgery, Nashville, Tennessee. January 2010-present.

Presentations:

'Brain Tumor Center Overview', Second Annual International Neuro-Oncology Update (Nursing Session), Memphis Regional Brain Tumor Center- Methodist Healthcare, Medical Education and Research Institute, Memphis, Tennessee, May 5, 2003.

'An Overview of Clinical Research Trials', Fifth Annual International Neuro-Oncology Update (Nursing Session), Memphis Regional Brain Tumor Center – Methodist Healthcare, FedEx Institute of Technology, Memphis, Tennessee, August 24, 2006.

Honors:

National League for Nursing adult health achievement exam, 97th percentile. June 1996.

National League for Nursing advanced adult health achievement exam, 96th percentile. June 1997.

Memberships:

American College of Surgeons Oncology Group (ACOSOG). Allied Health Professional Membership, November 2002-present.

Society of Clinical Research Associates (SoCRA). 2009 -present.

Clinical Research:

"Dendritic Cell-Based Immunotherapy for Brain Tumors" cooperative trial with the University of North Carolina, Chapel Hill. (Clinical research coordinator), Memphis Regional Brain Tumor Center, University of Tennessee, Memphis. 2000- 2002.

"Chemotherapy Sensitivity of Explanted Human Brain Tumors" (Clinical research coordinator), Memphis Regional Brain Tumor Center, University of Tennessee, Memphis. 2001- 2003.

"A Clinical Study to Evaluate the Safety and Performance of the GliaSite RTS, A Radiation Delivery System, in Patients with Malignant Brain Tumors Undergoing Surgical Resection" (Clinical research coordinator), Proxima Therapeutics, Inc., Memphis Regional Brain Tumor Center, Methodist Healthcare, University of Tennessee, Memphis. 2001- 2003.

“A Phase II Study Utilizing the GliaSite RTS for the Treatment of a Resected Solitary Brain Metastasis” Protocol # 2001-01-METS (Clinical research coordinator), Proxima Therapeutics, Inc., Memphis Regional Brain Tumor Center, Methodist Healthcare. 2001-2004.

“Pilot Clinical Study Protocol for the Evaluation of the INVISx Cranial Fixation System for Cranial Skull Flap Fixation” (Clinical research coordinator), Medtronic Neurosurgery, Memphis Regional Brain Tumor Center, Methodist Healthcare. 2001-2003.

“PROLONG, A Prospective Look at Outcomes Nationally with Gliadel Wafer” (Clinical research coordinator), Guilford Pharmaceuticals, Inc., Memphis Regional Brain Tumor Center. 2002-2004.

“A Phase I Trial of Surgical Resection and Radiation Therapy Delivered via the GliaSite System Followed by Re-Resection and Gliadel Wafer Placement Followed by Temozolomide as Initial Treatment for Supratentorial Malignant Glioma”, (Cooperative trial with the University of North Carolina, Chapel Hill.) Protocol # LCCC 0115. (Clinical Research Coordinator), Memphis Regional Brain Tumor Center, Methodist Healthcare. 2002-2005.

“An Examination of the Potential Cerebral Protective Efficacy of Mild Intraoperative Hypothermia During Intracranial Aneurysm Surgery”. Protocol # NS 38554. NIH cooperative trial with the University of Iowa (Clinical Research Coordinator), Methodist Healthcare. 2002-2004.

“Cognitive Function After Aneurysm Surgery Trial”. Protocol # CFAAST. (Clinical Research Coordinator), Methodist Healthcare. 2002-2004.

“A Phase III Randomized Trial of the Role of Whole Brain Radiation Therapy in Addition to Radiosurgery in the Management of Patients with One to Three Cerebral Metastases” American College of Surgeons Oncology Group, Protocol # Z300, (Clinical Research Coordinator), Memphis Regional Brain Tumor Center, Methodist Healthcare. 2002-2005.

“A Phase I/II Trial of Gleevec (Imatinib Mesylate, formerly known as STI-571) and Gliadel® for Newly Diagnosed Glioblastoma Multiforme” (Clinical Research Coordinator), Memphis Regional Brain Tumor Center, Methodist Healthcare. 2002-2004.

“Phase IV GliaSite Radiation Therapy Registry Protocol for the Treatment of Malignant Brain Tumors” Protocol # 2003-01-GSREG, (Clinical research coordinator), Proxima Therapeutics, Inc., Memphis Regional Brain Tumor Center, Methodist Healthcare. 2003-2007.

“A Phase II Study Utilizing Focal Radiation in Patients with 1-3 Brain Metastases” (Project Manager, Data Manager, Clinical Research Coordinator), Cooperative trial, Memphis Regional Brain Tumor Center, Methodist Healthcare. 2003-2008.

“Normal Pressure Hydrocephalus (NPH) Registry” (Clinical Research Coordinator), Codman & Shurtlett, Inc., Memphis Regional Brain Tumor Center. 2004-2008.

“A Phase III Multicenter Study of Intratumoral Therapy with TransMid Compared to Best Standard of Care in Patients with Progressive and/or Recurrent, Non-Resectable Glioblastoma Multiforme” Protocol # KSB311R/CIII/001 (Clinical Research Coordinator), Xenova Biomedix Ltd., Memphis Regional Brain Tumor Center, Methodist Healthcare. 2004-2006.

“Genetic Epidemiology of Adult-Onset Glioma” cooperative trial with Vanderbilt University (Clinical Research Coordinator), Memphis Regional Brain Tumor Center, Methodist Healthcare. 2004- 2006.

“A Phase I/II Trial of Maximal Resection, Radiation Therapy Delivered Via the GliaSite Delivery System with Concomitant Temozolomide, Followed by Adjuvant Temozolomide for the Treatment of Newly Diagnosed Glioblastoma Multiforme” (Protocol Co-Author, Clinical Research Coordinator), Memphis Regional Brain Tumor Center, Methodist Healthcare. 2005-2007.

“A Phase III Randomized, Double-Blind, Dexamethasone-Sparing Study, Comparing Human Corticotropin-Releasing Factor (hCRF) to Placebo for Control of Symptoms Associated with Peritumoral Brain Edema in Patients with Malignant Brain Tumor Who Require Chronic Administration of High-Dose Dexamethasone”. (Clinical Research Coordinator), Neurobiological Technologies, Inc., Memphis Regional Brain Tumor Center, Methodist Healthcare. 2005-2007.

“A Phase I/II Trial of Maximal Resection, Local Radiation Boost with Concomitant Temozolomide, Followed by External Radiation Therapy with Concomitant Temozolomide for the Treatment of Newly Diagnosed Glioblastoma Multiforme” (Protocol Co- Author, Protocol Coordinator, Data Manager), Multi-center cooperative trial, Memphis Regional Brain Tumor Center, Methodist Healthcare. 2006-2008.

“A Phase II Study of Gliadel, Concomitant Temozolomide and Radiation, Followed by Metronomic Therapy with Temozolomide for Newly Diagnosed Malignant High Grade Glioma” (Clinical Research Coordinator), Memphis Regional Brain Tumor Center, Methodist Healthcare. 2006 -2009.

“Survey of Brain Tumor Patients about use of the Internet for Medical Information and Decision Making” (Clinical Research Coordinator), Memphis Regional Brain Tumor Center, Methodist Healthcare. 2007- 2009.

“Treatment Satisfaction Survey for Brain Tumor Patients and their Caregivers” (Clinical Research Coordinator), Memphis Regional Brain Tumor Center, Methodist Healthcare. 2007 -2009.

“A Phase 2, Multicenter, Exploratory Study, Evaluating the Treatment Effect of Surgery Plus Gliadel Wafer in Patients with Metastatic Brain Cancer” (Clinical Research Coordinator), Eisai, Inc., Memphis Regional Brain Tumor Center, Methodist Healthcare. 2007-2009.

“Cilengitide for subjects with newly diagnosed glioblastoma multiforme and methylated MGMT gene promoter – a multicenter, open-label, controlled Phase II study, testing cilengitide in combination with standard treatment (temozolomide with concomitant radiation therapy, followed by temozolomide maintenance therapy) versus standard

treatment alone (CENTRIC)" (Clinical Research Coordinator), Merck KGaA, Darmstadt, Germany, EMD Serono, USA, Memphis Regional Brain Tumor Center, Methodist Healthcare. 2008 -2009.

"BIBW 2992 with and without daily temozolomide in the treatment of patients with recurrent malignant glioma (Phase II)" (Clinical Research Coordinator), Boehringer Ingelheim Pharmaceuticals, Inc., Memphis Regional Brain Tumor Center, Methodist Healthcare. 2008 -2009.

Abstracts:

1. Hubbard J, Redmond A, Dalrymple S, Sills AK: Predictive value of transcranial cerebral oximetry during carotid endarterectomy. AANS/CNS/ASITN Joint Section on Cerebrovascular Surgery, Big Island, Hawaii, February 2001.
2. Mobasser JP, Redmond A, Dalrymple S, Sills AK: Effect of hypothermia on morbidity and mortality of carotid endarterectomy. AANS/CNS/ASITN Joint Section on Cerebrovascular Surgery, Big Island, Hawaii, February 2001.
3. Sills AK, Watridge C, Redmond A, Dalrymple S: Efficacy and safety of intraoperative arteriography during carotid endarterectomy. AANS/CNS/ASITN Joint Section on Cerebrovascular Surgery, Big Island, Hawaii, February 2001
4. Brewington KC, Redmond A, Dalrymple S, Sills AK: The predictive value of admission urine drug screening in aneurysmal subarachnoid hemorrhage. AANS/CNS/ASITN Joint Section on Cerebrovascular Surgery, Big Island, Hawaii, February 2001
5. Brewington, KC, Hubbard J, Dalrymple S, Redmond A, Sills AK: Transverse cervical carotid microendarterectomy. AANS/CNS/ASITN Joint Section on Cerebrovascular Surgery, Big Island, Hawaii, February 2001.
6. Sills AK, Watridge C, Redmond A, Dalrymple S: Efficacy and safety of intraoperative arteriography during carotid endarterectomy. AANS, Toronto, Ontario, April 2001
7. Smith M, Redmond A, Dalrymple S, Sills AK: Perioperative use of clopidogrel increases the risk of postoperative bleeding complications in carotid endarterectomy. AANS, Toronto, Ontario, April 2001
8. Hubbard J, Redmond A, Dalrymple S, Sills AK: Intraoperative cerebral ischemia measured by transcranial cerebral oximetry. AANS, Toronto, Ontario, April 2001.
9. Mobasser JP, Redmond RA, Sills AK: Chemosensitivity of explanted human brain tumors. Congress of Neurological Surgeons, San Diego, CA, October 2001.
10. Sills AK, Redmond RA, Donovan-Peluso MA: Overexpression of angiogenesis factors from explanted brain tumors correlates with brain edema. Congress of Neurological Surgeons, San Diego, CA, October 2001.

11. Sills AK, Redmond RA, Donovan-Peluso MA: Overexpression of angiogenesis factors from explanted brain tumors correlates with brain edema. Society for Neuro-Oncology, Washington, DC, November 2001.
12. Sills AK, Redmond RA, Donovan-Peluso MA: VEGF expression by explanted human brain tumors correlates with edema. American Association of Neurological Surgeons, Chicago, Illinois, April 2002.
13. Sills AK, Redmond RA, Donovan-Peluso MA: Chemosensitivity of primary and metastatic brain tumors. American Association of Neurological Surgeons, Chicago, Illinois, April 2002.
14. Sills AK, Tatter S, Fountas K, Fraser R, Asher A, Vogelbaum M, Judy K, Canute G, Jensen R, Redmond A: A Phase II Study Utilizing Focal Radiation in Patients with 1-3 Brain Metastases. Southern Neurosurgical Society Annual Meeting, Southampton, Bermuda, March 2006.
15. Sills AK, Redmond A, Jackson M, Dubal N: Use of focal radiation for newly diagnosed glioblastoma. Poster, Society for Neuro-Oncology 11th Annual Meeting, Orlando, Florida, November 2006.
16. Sills AK, Tatter S, Fountas K, Fraser R, Asher A, Vogelbaum M, Judy K, Canute G, Jensen R, Redmond A: A phase II study utilizing focal radiation in patients with 1-3 brain metastases. Poster, Society for Neuro-Oncology 11th Annual Meeting, Orlando, Florida, November 2006.
17. Sills AK, Redmond A: Delayed brachytherapy balloon inflation for the treatment of brain metastasis. Poster, Society for Neuro-Oncology 11th Annual Meeting, Orlando, Florida, November 2006.
18. Sills AK, Redmond A, Mynatt M, Dubal N: Use of focal radiation in newly diagnosed glioblastoma multiforme. Poster, American Association of Neurological Surgeons, Washington, DC, April 2007.
19. Sills AK, Tatter S, Fountas K, Fraser R, Asher A, Vogelbaum M, Judy K, Canute G, Jensen R, Redmond A: A phase II Study utilizing focal radiation in patients with 1-3 brain metastases. Poster, American Association of Neurological Surgeons, Washington, DC, April 2007.
20. Sills AK, Redmond A, Mynatt M, Dubal N: Use of focal radiation in newly diagnosed glioblastoma multiforme. Poster, Society for Neuro-Oncology 12th Annual Meeting, Dallas, TX, November, 2007.
21. Sills AK, Tatter S, Fountas K, Fraser R, Asher A, Vogelbaum M, Judy K, Canute G, Jensen R, Redmond A: A phase II study utilizing focal radiation in patients with 1-3 brain metastases. Society for Neuro-Oncology 12th Annual Meeting, Dallas, TX, November, 2007.

22. DeCuypere M, Sills AK, Redmond A: Quality of life and treatment satisfaction survey of brain tumor patients and their caregivers. Poster, Society for Neuro-Oncology 13th Annual Meeting, Las Vegas, NV, November 2008.
23. DeCuypere M, Sills AK, Redmond A: Quality of life and treatment satisfaction survey of brain tumor patients and their caregivers. Poster, Joint Meeting of Society for Neuro-Oncology and American Association of Neurological Surgeons/Congress of Neurological Surgeons Sections on Tumors, New Orleans, LA, October 2009.
